Range of monitoring packages

For generations Coastcom Security has protected you and your assets on the Mornington Peninsula and beyond.

Coastcom Security specialises in the installation of domestic and commercial electronic security systems and will work with you to assess your particular security risks and using our extensive local and industry experience, design, install and maintain a system that delivers the protection you need 24 hours / 365 days per year with state of the art back to base monitoring.

The only security company on the Mornington Peninsula with an A Grade Alarm Monitoring Control Room, Coastcom Security has developed a comprehensive range of protection packages, to meet your particular security needs.
